

## **Northumberland and Nelson Street Association**

### **Incorporating Abercromby Place**

## **Chair's Report AGM 2022**

Following the well attended 2021 AGM, which made clear the opposition of residents to the Council's proposals for Communal Bins, the Committee worked with other Street Associations and NTBCC to put forward constructive proposals for tackling recycling issues in our historic streets, without Communal Bins.

### **NTBCC Waste Management in Edinburgh's New Town** **[Waste Management Plan](#)**

Although the City Council decided in January to go ahead with the Communal Bins, setting aside the advice of the Heritage bodies, they have responded to pressure by agreeing to a pilot of alternative arrangements.

"Decorate Our Streets" was held again in December and many residents responded with beautiful and in some cases amusing decorations which brought cheer to people using our streets.

Despite our representations the Council determined to proceed with a very small LEZ for the City Centre- meaning we are just outside the Zone. Traffic issues are on the Agenda for the AGM.

## Statement of Account AGM 2022
