- ✓ Bread and cakes
- ✓ Rice, pasta and pizza
- ✓ Tea bags and coffee grounds
- ✓ Pet food
- ✓ Unpackaged out-of-date food

No thanks

- ✗ Liquids eg milk and oil
- ✗ Food packaging

Keeping your caddy clean

- You can empty your kitchen caddy as often as needed.
- Your caddy can be stored anywhere including in a cupboard.
- Give your caddy a quick rinse after emptying it and then replace the liner.

It's easy to recycle your food waste

Line your kitchen caddy with a compostable liner or plastic bag. Scrape any vegetable peelings, leftovers, teabags etc into your kitchen caddy.

When the liner is nearly full, tie it up and remove it from your caddy.

Put it in your outdoor food caddy.

We'll take your food waste and turn it into fertiliser and green energy.
